Professional Summary

Motivated Computer Science Engineering (3rd year) student with strong hands-on experience in web development and growing expertise in cybersecurity. Skilled in building responsive, user-focused web applications using modern JavaScript and the MERN stack. Passionate about writing clean code, solving real-world problems, and continuously improving through project-based learning.

Technical Skills

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js
 - **Backend:** Node.js, Express.js, MongoDB
 - **Web Concepts:** DOM, BOM, Events, Form Validation, LocalStorage
 - **Tools & Platforms:** Git, GitHub, VS Code, Postman
 - **Security:** Cybersecurity Fundamentals, Web Safety Basics
-

Projects

MERN E-Commerce Application

- Built a full-stack e-commerce web application with product listing, cart, and checkout flow
- Implemented responsive UI and dynamic product rendering using React
- Integrated backend APIs for product and user data management

Personal Portfolio Website

- Designed and developed a responsive personal portfolio showcasing projects and skills
- Added custom animations, progress bars, and interactive UI components
- Focused on performance optimization and clean design

UI Conversion Projects

- Converted large projects from Tailwind CSS to standard CSS
 - Improved layout consistency, responsiveness, and maintainability
-

Certifications

- **Google Cybersecurity Certificate** – Google
 - Web development - SimplyLearn
-

Education

Bachelor of Engineering (B.E.) – Computer Science Engineering 3rd Year | Expected Graduation: 2023 - 2027

Strengths

- Strong problem-solving and debugging skills
 - Quick learner with a growth mindset
 - Good understanding of real-world project workflows
 - Ability to work independently and in teams
-

Career Objective

Aspiring Full-Stack Developer seeking opportunities to apply my skills in building secure, scalable, and user-friendly web applications while continuously learning and growing in the tech industry.
